

### REMARKS

Initially, Applicants attorney wishes to thank the Examiner for the thoroughness with which the application has been examined and for the suggestion of correction. Various of the errors and informalities have been cured with respect to the specification and claims, our draftsman is in the process of preparing corrected drawings to correct the objections thereto and these corrected drawings will be submitted as soon as they are received.

Although the Applicants do not agree with the Examiner's position concerning the obviousness of the claimed subject matter over certain of the prior art, the claims have been revised so that only allowable subject matter is now contained therein.

More particularly, the allowable subject matter of Claim 2 has been added to Claim 1. The allowable subject matter of Claim 12 has been added to Claim 11. Claim 7 has been rewritten into independent claim form as a new claim. Allowable Claims 8 and 9 have also been added to Claim 22.

Enclosed herewith is our check in the amount of Eighty-Six Dollars (\$86.00) to cover the two new independent claims.

If there is any question as to the amount of the fee,  
please debit our account No.03-3355.

Accordingly, it is respectfully submitted that the  
application is in condition for allowance and such action is  
earnestly solicited.

Respectfully,

ROBERT A. ALLEXON
